

# LONGSTONE FARMS

SIMMENTAL & RED ANGUS BULL SALE

FRIDAY MARCH 5, 2010

1:30 PM AT THE FARM

# Lone Stone Farms Annual Bull Sale

## Welcome to our 2010 Annual Bull Sale

Welcome to our 2010 Bull Sale. It is hard to believe that another year has gone by. It is also interesting that each year brings its very own set of challenges. Some cattlemen have chosen to retire from the business while others are doubling the size of their herds. Each has their own dream for the future. To our customers who are retiring we wish you the best in your new endeavors. To those who dare to dream of success in the cattle industry we say "We're with you!" We have devoted 26 years to our breeding program and believe we have accumulated genetics that can make your herd successful and profitable.

Last year we moved the sale to the farm and sold the bulls by video. Both changes were positively received. This year we are going to add another technical change. We will be offering on line bidding for those who can't get to the sale. We invite you to visit the farm at your convenience and look over the bulls. We will be hosting a Open House on February 18 & 25th from 1-5 pm. You can count on us being home and you can also count on some of Karen's goodies.

We sold 60 bulls in 1 hour and 20 minutes at last year's sale. This year's offering is impressive and are truly exceptional in their respective breeds. Whether you are looking to produce big thick steers or powerful females we have the bull that can meet your needs.

Lonnie

### **We offer Two Options:**

**Please choose one of the following and inform the clerks on Sale Day.**

- 1. \$100 discount if picked up Sale Day**
- 2. We will keep your bull until you can come and get him.**  
**A charge of \$3/day will apply starting April 1, 2009.**  
**We ask that you insure your purchase if you leave him at the farm. Each animal becomes the responsibility of the purchaser as soon as sold.**

### **Breeding Guarantee:**

**All bulls are guaranteed to be structurally sound and to have passed a semen test prior to sale day. This health check is done by Westlock Veterinary Clinic. The bulls, if failing to be satisfactory breeders will be replaced or credit given on purchase of a replacement.**

**Routine vaccinations have been administered as well as Footrot and Pinkeye vaccine. These bulls are ready to go to work.**

The catalogue in full color can be found on our Web Site:  
[www.lonestonefarms.com](http://www.lonestonefarms.com)

**LONE STONE FARMS

The average Birth Wts of this dam are 88 lb. Blizzard calves are sometimes a little heavier at birth but they are very long cattle. We know that adds weight at birth. This is 24M’s 5th calf and she also has a yearling in the sale.
